

# CCMS DATA EXCHANGE DATA SHEET

ADMINISTRATIVE OFFICE  
OF THE COURTS  
INFORMATION SERVICES DIVISION

## Court Receives Case Initiation Filing—Citations (INI801)

### Exchange Description

Trial courts use this NIEM-based data exchange to receive a citation from a law enforcement agency or a red light camera vendor, which initiates a citation case in the court.

Types of electronic citations that may be filed by either a law enforcement agency or a red light camera vendor through this service are:

- Red light camera citations
- Minor traffic infraction citations
- Minor non-traffic infraction citations
- Minor traffic misdemeanor citations
- Minor non-traffic misdemeanor citations

This exchange can be used for both vehicle and person citations.

The request message contains the citation information (e.g., originating agency, citation number, violation, and participant) sent by an integration partner to the court.

The response message contains the court case information citation case response (e.g., CCMS case number and appearance date) sent by the court to the originating integration partner.

### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

### PROBABLE INTERESTED INTEGRATION PARTNERS

- California Highway Patrol
- Law enforcement agency/sheriff
- Red light camera vendor

### RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Receives Subsequent Case Filing (INI816), which is used by the integration partner to submit all amended and additional case filing information to the trial court.

For more information about this and other data exchanges, contact [integrationpartners@jud.ca.gov](mailto:integrationpartners@jud.ca.gov)

## Error Handling

If the trial court does not successfully receive and process the incoming message, the integration partner will receive an error message with an error code and error reason.

## Additional Information

- This is a batch exchange that can contain multiple citations.
- The response to this exchange message occurs only after receipt and processing by the integration partner. Both the success and error response messages must be sent as separate messages using the formats defined in this exchange.
